

**DR BAKER'S YEAR 3 MATHS**  
**FRIDAY 27<sup>TH</sup> MARCH**

# WELCOME TO DAY 5

“Morning. Well done on a whole week of remote learning! Here are the answers to the times tables from yesterday. Did you notice they were the ones from Tuesday? Did you get any more correct this time? If not keep trying to remember them.”

1.  $5 \times 9 = 45$

2.  $2 \times 8 = 16$

3.  $10 \times 11 = 110$

4.  $6 \times 3 = 18$

5.  $4 \times 8 = 32$

6.  $3 \times 7 = 21$

7.  $7 \times 8 = 56$

8.  $4 \times 7 = 28$

9.  $12 \times 2 = 24$

10.  $9 \times 3 = 27$

11.  $7 \times 10 = 70$

12.  $12 \times 5 = 60$

13.  $8 \times 6 = 48$

14.  $10 \times 12 = 120$

15.  $3 \times 3 = 9$

# TASKS FOR TODAY

## Everyone

As it is Friday we are all going to do an arithmetic test today. I have put two different ones up. Most people should be doing the second one (3A) but if you are really struggling do the first one (1A). Both have got 15 questions, do them as we normally do them in class with no help. You can have 20 minutes to do the test. Set up your book with 1-15 and then when you are ready go to the next slide. Answers on Monday.

**Arithmetic: Test 1 A**

- 1)  $? + 9 = 13$
- 2)  $17 - 6 =$
- 3)  $76 + 10 =$
- 4)  $15 - 7 =$
- 5)  $22 + ? + 2 = 26$
- 6)  $43 - 4 =$
- 7)  $5 + 3 =$
- 8)  $62 + 9 =$
- 9)  $9 + 3 + 4 =$
- 10)  $25 + 17 =$
- 11)  $59 - 30 =$
- 12)  $70 - 50 =$
- 13)  $10 \times 6 =$
- 14)  $7 \times 2 =$
- 15)  $4 \times 3 =$

**Arithmetic: Test 3 A**

- 1)  $409 + 100 =$
- 2)  $172 - 100 =$
- 3)  $57 + 20 =$
- 4)  $106 - 40 =$
- 5)  $178 + 500 =$
- 6)  $340 - 300 =$
- 7)  $256 + 372 =$
- 8)  $408 - 267 =$
- 9)  $4 \times 9 =$
- 10)  $56 \div 8 =$
- 11)  $34 \times 4 =$
- 12)  $68 \times 3 =$
- 13)  $96 \div 4 =$
- 14)  $\begin{array}{r} \underline{3} + \underline{1} \\ 5 \quad 5 \end{array} =$
- 15)  $\begin{array}{r} \underline{5} - \underline{1} \\ 6 \quad 6 \end{array} =$

# TASKS FOR TODAY

Once you have done the test you could have a look back at anything from the week that you didn't manage to finish or that you need a bit more practice on. Or have a go at some of these mental maths games which are great for practising doing things quickly in your head.

**<https://www.topmarks.co.uk/maths-games/7-11-years/mental-maths>**

Well done and hope you have a lovely weekend. Dr B.
