

DR BAKER'S YEAR 3 MATHS
FRIDAY 24TH APRIL

WELCOME

“Good Morning. Well done for completing your first week back. It’s Friday so arithmetic test day. It is really important that we keep practising our arithmetic while we are not in school as we forget it all, wasting all the good work we have put in over the year if we don’t. As arithmetic is the basis of everything we do in maths we really don’t want that. First up on the next page are the answers to yesterday’s times tables so make sure you mark those.

For the arithmetic tests, again there are two. Only do the first one if you are really struggling with the second. Set up your book from 1-15 first. Then once you have marked your times table go on to the next slide for the tests. It should take no more than 20 minutes. Answers on Monday.

TIMES TABLES ANSWERS

$$8 \times 4 = 32$$

$$10 \times 3 = 30$$

$$2 \times 3 = 6$$

$$8 \times 9 = 72$$

$$5 \times 10 = 50$$

$$10 \times 5 = 50$$

$$10 \times 4 = 40$$

$$8 \times 12 = 96$$

$$7 \times 3 = 21$$

$$2 \times 10 = 20$$

$$8 \times 4 = 32$$

$$4 \times 10 = 40$$

$$10 \times 3 = 30$$

$$2 \times 8 = 16$$

TASKS FOR TODAY

If you want to do some more maths after that, have a look back at anything from this week that you need to go over again, try the puzzle I set on Facebook yesterday, play some board games or do some more online maths games.

But if not, I hope you have a great weekend!

REMEMBER:
