Watch this short clip to find out more.

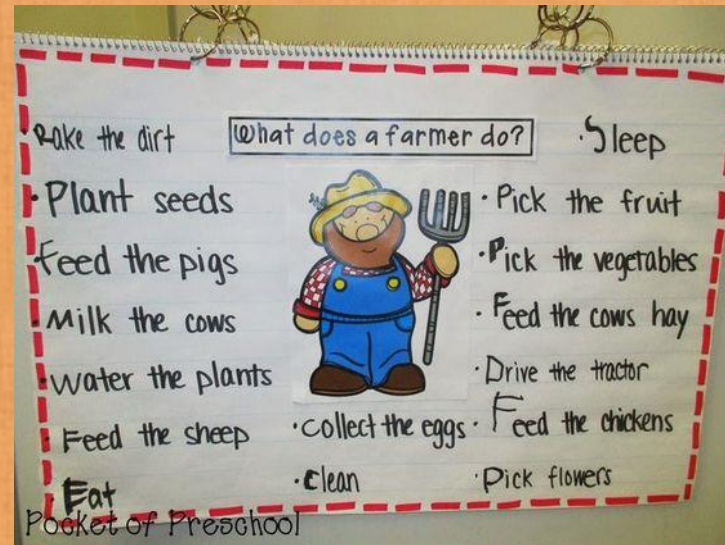

# Literacy

Writing sentences about being a farmer.

We are going to write some sentences about being a farmer.

Ask your child to think about what jobs a farmer has to do on a farm. Talk about the video clips they watched yesterday and today.

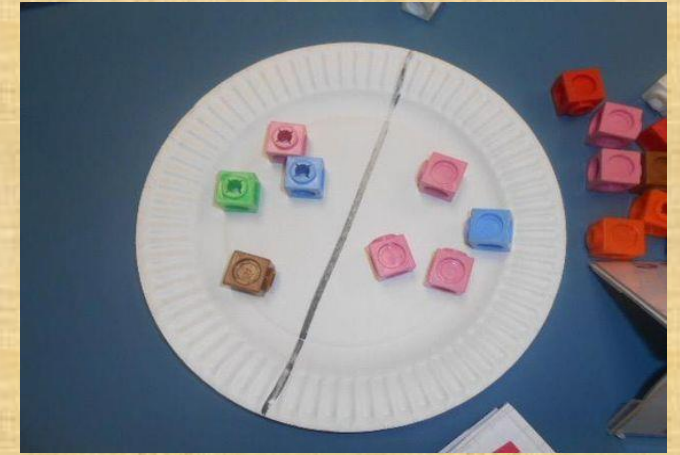

Encourage your child to use sentences e.g.

The farmer plants the seeds and waters them.

Write some sentences about being a farmer. Think about the sounds you can hear and use finger spaces.

# Maths

Our focus today is halving

**Today's Number  
is 17**

Show them number 17. Can they tell you the number? What is 1 more than 17? What is 1 less than 17?

Today we are going to halve amounts.

The children will need to explore that not all numbers can be halved.

Explain to your child that to halve a number it needs to be shared out equally into 2 sets.

You will need:

Two plates, hoops, baskets or a paper plate divided into two.

A total of 20 objects, sweets, buttons, raisins, pencils.

**Ask your child**

What amounts can I halve?  
Investigate by selecting an amount eg 10 and see if you can half it. Are there any left over?  
Repeat with different amounts.

# Phonics

Our sound today is oo

The children will need a pencil and paper for the lesson.
