

Parent Governor Link: SEND	Appointed by Parent Election: October 2020 Term of Office: 0 years
Fae Griffiths: 	<p>Fae has lived in the village for 3 years and is a mother to two young girls, one of which attends Bournebrook CofE school. Fae works at a local secondary school as a Science teacher and has responsibility for developing new teachers. She believes that education is much more than just academic success, it is about the development of the 'whole child' to be a happy and content citizen of the world, to learn skills that prepare them for the careers and jobs that are not even known today.</p> <p>Like a lot of parents and teachers, Fae believes that children achieve their academic potential when they are happy, have a strong sense of belonging, are confident and are developing (through nurturing) a love of learning. Fae hopes to be able to transfer her skills to the primary setting and develop her understanding of leadership and governance. She would be happy to hear from and talk to any parent or carer that wishes to share their experience. Please feel free to contact her on messenger – via our Bournebrook Facebook group.</p>
