

Hello everyone for those who don't know me my name is Gwendoline Harris I am a music teacher and I am a Foundation Governor.

I have been involved in Bournebrook school since the head was Mary Hoverd and have enjoyed being part of all music activities from Christmas concerts and Carol services to assemblies which I thoroughly enjoy because it brings the community together .

Until the Covid situation I used to come into school twice a week teaching approximately 20 children on piano and violin ,this is what I hope will continue in September when you will see me round the School. I continue to have links with both church and school

Regards Gwen
